The sky looks darker than before. I wonder how long I've been out.

I bought this Game last Winter Sale as I had been waiting for Ages for this and the other Dark Parables to go on Sale and I must say I dont regret it.

First of all If you havent played any Dark Parables Games I recommend you to go back and play the first one as those games are meant to be played in Order.

Dark Parables: The Red Riding Hood Sisters Collector's Edition comes with the Main Story, a Bonus Story and some other Bonus Content such as a little Artbook, Bonus Puzzle Levels, the Soundtrack & Wallpapers

The Voice Acting was once again very nicely made and the Art Style was absolutely beautiful! Although you couldn't change the resolution, you were able to use the Steam Overlay and also got Trading Cards now.

I loved how you can collect during the Game pieces which will, once all of them are collected, give you a little background Story which is read to you buy a guy with a very soothing and calm voice. You can of course turn it off but you dont have to.

The Hidden Object Scenes were rather well hidden and the Puzzles were challenging. I personally did like them alot and was surprised how well you can hide something in this game.

The Story was absolutely lovely and reminded me a little bit on my Childhood just in a more Grimm way.

All in all this Game is fantastic, however due to the fact that is rather short I do recommend getting it on Sale rather than for its base price of 10\u20ac.

Here are my other Reviews for the Dark Parables Series:

[Dark Parables: Curse of Briar Rose \(Number 1\)](#)

[Dark Parables: The Exiled Prince \(Number 2\)](#)

[Dark Parables: Rise of the Snow Queen Collector's Edition \(Number 3\)](#)

[Dark Parables: The Little Mermaid and the Purple Tide Collector's Edition \(Number 8\)](#)

[Dark Parables: Queen of Sands Collector's Edition \(Number 9\). One of the best puzzle games I've played. The story was actually engaging and dramatic, plus I love the design of the villianess.. If you love fantasy worlds, beautify pictures, lots of hidden objects and puzzles, then go for any Dark Parable games. They are defintly worth the time. Loved all of them, especially the Red Riding Hood Sisters. Great.. Game Information](#)

Game Visuals

I want to mentioned that the visuals for the game is nicely done. The visuals can be adjusted in the game's option menu.

Game Audio

I want to mentioned that audio for the game is well done. Even though the audio is somewhat simplistic and repetitive. The audio can be adjusted in the game's option menu as well.

Gameplay

There are three different game difficulty modes to choose from: Casual; Hard and Expert.

There is no padlock feature that is available to lock the inventory panel in place. The inventory panel automatically comes stationary.

There is a map in the game. The map is automatically given at the start of the game.

The hidden object scenes consists of the following: Fragmented items. Some of these hidden object scenes may require a little or no interaction.

The puzzles are fairly easy to solve without having the need to skip any of them.

There are collectibles in the game: Parables. They are scattered throughout the game for the player to find.

There are morphing objects (beyond objects) in the game. They are scattered throughout the game for the player to find as well. The morphing objects are used to refill the hint bar.

Since this is a collector's edition game, there is a bonus chapter, but it can be accessed only after the main story is completed.

Miscellaneous

There are extra features in the game: Bonus Chapter; Bonus Puzzles; Wallpapers and Game's Strategy Guide. Most of these extra features can be accessed only after the entire game is completed.

There are seven different trading cards to collect. The game only drops four of those trading cards. There are several ways to get the rest of the trading cards: Purchased from the Steam's Community Market; Trade with friends; Booster Packs and its' Booster Pack Creator.

Final thoughts: I have found the game enjoyable to a certain extent. The replay value for the game is low. I would recommend this game, but not at the game's full price value.
